## HISTORIC FANWOOD TRAIN STATION

---

**230 North Avenue**

In 1874 the right of way to the Central Railroad of New Jersey was moved from present day Midway Avenue to its current location. This Victorian Gothic structure was built and used as a railroad station until 1965. The Station is an excellent example of frame Victorian Gothic architecture. It is the oldest remaining railroad station in Union County. The museum houses artifacts documenting the Borough's historic ties to the Central Railroad of New Jersey, and its land development company that constructed some of the Victorian and Queen Anne homes in the Fanwood Park Historic District.
